

DONI SYAHRIZAL

085766140743 | donisyahrizal@outlook.com | www.linkedin.com/in/donizal/ | BNSP Certified | Indonesia

SUMMARY

BNSP Level 7 certified with a proven track record **designing haul road alignments for mining equipment**, performing **PLAXIS 2D slope simulations**, **3D design** and **optimizing high volume cut and fill** operations. Strong background in **CPT/SPT analysis** and **site supervision**.

PROJECT AND EXPERIENCE

Engineering Staff | PT. Nindya Karya (Persero) – Contract Juni 2026 - Present
Post Disaster Waste Management Infrastructure Rehabilitation in Bireuen, Pidie Jaya, and Bener Meriah Regency, Aceh

- **Designed** site layout and landscape for **2 landfill (TPA) facilities in Civil 3D**, maximizing usable land area **within tight site constraints** while maintaining **slope stability**.
- **Performed cut and fill volume** analysis for both landfill sites and **quantifying total earthwork volumes**.
- Conducted **slope stability** analysis using **Plaxis 2D**, achieving landfill **slope ratio of 1:1.5 with factor of safety 1.7**.

Geotechnical Engineer | PT. Bintang Pondasi Borpile – Full Time August 2025 – Juni 2026

- **Analyzed 150+ CPT/SPT datasets** using conventional calculations and **geotechnical software analysis** to develop safe and cost **efficient foundation recommendations** in accordance with SNI 8460:2017 and relevant ASTM standards.
- **Monitored foundation works** ensuring constructability and compliance with SNI 1727:2020 load and project requirements.

Associate Road Engineer | PT. Nusa Karya Arindo – Project April 2025 - June 2025
Fly Over Jetty Moronopo PT. Nusa Karya Arindo

- **Designed 560 m horizontal and vertical alignments** using **Civil 3D**, supporting jetty and haul operations based on **mining standards** design principles.
- **Optimized project** through calculation of **195,710 m³** cut and fill volume using **Civil 3D** for accurate earthwork estimation.

Site Supervisor | PT. Djuri Teknik – Internship July 2024 – September 2024
Long Segment Preservation (Reconstruction) R.207 Ruas Margo Lestari – Sukamaju, Kec. Jati Agung

- **Supervised 6,2 km of road reconstruction and 2 km of drainage channel**, ensuring efficiency and quality control.
- **Verified work quantities** alongside inspector across **3 major work segments**, aligning implementation with technical specs.

Hydrologist and Estimator | Institut Teknologi Sumatera – Project February 2023 – November 2024

- **Optimizing water planning for over 100 farmers** in Sumber Rejo, Central Lampung **by assessed** rainfall and water across **845.81 ha of farmland**.
- **Evaluated effective rainfall for 543.2 ha of agricultural land** and **enhance farmer drought readiness** in Giriklopomulyo, East Lampung.
- **Developed 2.55 Billion Rupiah drainage design (2,350 m)** and **engaged over 50 community members** on sustainable practices in Putra Buyut, Central Lampung.
- **Conducted 10 year hydrologic and hydraulic analysis** for Sidorejo's drainage design and **engaged over 30 residents** in South Lampung.

SKILLS

- **Tools:** Drone, Soil Laboratory Tools, Pavement Laboratory Tools, Concrete Laboratory Tools.
- **Software:** SAP2000, PLAXIS 2D, MIDAS Civil, HEC-RAS, AutoCAD, Civil 3D, REVIT, Enscape, ArcGIS, Microsoft Office.

EDUCATION

Institut Teknologi Sumatera | Bachelor of Engineering in Civil Engineering September 2021 – July 2025

- **GPA:** 3,20 / 4,00
- **Achievements:**
 - Top 10 National Finalist of LKTIKN 2022, HMS “Bulldozer” Universitas Negeri Gorontalo
 - Favorite Winner Video Competition of Pekan Kreatif Mahasiswa 2022, ITERA
 - Ambassador of Adhyaksa Technology 2020, Kejaksaan Negeri Lampung Timur

ADDITIONAL INFORMATION

- **Certificate:**
 - Level 7 – Young Road Engineering Expert (BNSP) – 74321 2142.03 7 000326 2025 July 2025
 - HEC-RAS Training Certificate (KEMENPU) – 08/HATHI-LAMPUNG/I/2025 January 2025
- **Languages:** Indonesian (Native), English (Fluent), Sundanese, and Javanese
- **Organizations, Committees and Non-Technical Experience:**
 - **Laboratory Assistant Civil Engineering Department of ITERA** - Assisted lecturers in guiding 10 students during fluid mechanics laboratory sessions, ensuring proper understanding of experimental procedures and data analysis.
 - **Public Relation Staff Civil Engineering Department of ITERA** - Maintained communication with internal and external stakeholders to support academic and professional collaboration activities.
 - **Documentation Staff PPLK ITERA, KM ITERA** - Supported documentation of 20+ programs, maintaining structured records improving reporting efficiency.
 - **Video Editor PT. Hutama Karya** - Edited 2 video content to document various CSR activities at PT. Hutama Karya, ensuring the footage was clear and suitable for both internal and external use.
