Tangerang Selatan. Banten, Indonesia

SUMMARY

Civil Engineering Graduate with expertise in **geotechnical analysis, foundation design, and infrastructure suppor**t, experienced in **soil investigation interpretation** and **site supervision** across multi project environments. **BNSP Level 7 certified**, technically rigorous, **field ready**, **and resilient under pressure**, capable of delivering **engineering calculations** and supporting operational execution within **Global Consulting, EPC Mining, Oil and Gas sectors**.

PROJECT AND EXPERIENCE

Geotechnical Engineer | PT. Bintang Pondasi Borpile – Full Time August 2025 - Present

- **Analyzed 150+ CPT/SPT datasets** using conventional calculations and **geotechnical software analysis** to develop safe and cost **efficient foundation recommendations** in accordance with SNI 8460:2017 and relevant ASTM standards.
- **Monitored foundation works** ensuring constructability and compliance with SNI 1727:2020 load and project requirements.

Associate Road Engineer | PT. Nusa Karya Arindo – Project April 2025 - June 2025

Fly Over Jetty Moronopo PT. Nusa Karya Arindo

- **Designed 560 m horizontal and vertical alignments** using **Civil 3D**, supporting jetty and haul operations based on **mining standards** design principles.
- **Optimized project** through calculation of **195,710 m³** cut and fill volume using **Civil 3D** for accurate earthwork estimation.

Site Supervisor | PT. Djuri Teknik – Internship July 2024 – September 2024

Long Segment Preservation (Reconstruction) R.207 Ruas Margo Lestari – Sukamaju, Kec. Jati Agung

- **Supervised 6,2 km of road reconstruction and 2 km of drainage channel**, ensuring efficiency and quality control.
- **Verified work quantities** alongside inspector across **3 major work segments**, aligning implementation with technical specs.

Hydrologist and Estimator | Teknik Sipil ITERA – Project February 2023 – November 2024

Hydrological Reliability Analysis & Irrigation Maintenance Outreach in Sumber Rejo, Central Lampung.

- **Assessed rainfall and water availability for 845.81 ha of farmland**, improving water planning for over 100 farmers.

Effective Rainfall Potential for Meeting Irrigation Demand in Giriklopomulyo, East Lampung.

- **Evaluated effective rainfall for 543.2 ha of farmland** in East Lampung and strengthened farmers' drought readiness.

Drainage Design Outreach with Material Based Cost Estimation in Putra Buyut, Central Lampung.

- **Developed 2.55 Billion Rupiah drainage design (2,350 m)** and engaged over 50 community members on sustainable practices.

Drainage Channel Design & Operational and Maintenance Awareness Program in Sidorejo, South Lampung.

- **Conducted 10 year hydrologic and hydraulic analysis** for Sidorejo's drainage design and engaged over 30 residents.

SKILLS

- **Tools:** Drone, Soil Laboratory Tools, Pavement Laboratory Tools, Concrete Laboratory Tools.
- **Software:** SAP2000, STAAD.Pro, PLAXIS 2D, MIDAS Civil, HEC-RAS, AutoCAD, Civil 3D, REVIT, Enscape, ArcGIS, Microsoft Project, Microsoft Office.

EDUCATION

Institut Teknologi Sumatera | Bachelor of Engineering in Civil Engineering September 2021 – July 2025

- **GPA:** 3,20 / 4,00
- **Achievements:**
  - Top 10 National Finalist of LKTIKN 2022, HMS "Bulldozer" Universitas Negeri Gorontalo
  - Favorite Winner Video Competition of Pekan Kreatif Mahasiswa 2022, UPA Perpus ITERA
  - Adhyaksa Technology Ambassador 2020, Kejaksaan Negeri Lampung Timur

ADDITIONAL INFORMATION

- **Certificate:**
  - Level 7 – Young Road Engineering Expert (BNSP) – 74321 2142.03 7 000326 2025 July 2025
  - HEC-RAS Training Certificate (KEMENPU) – 08/HATHI-LAMPUNG/I/2025 January 2025
- **Languages:** Indonesian (Native), English (Fluent), Sundanese, and Javanese
- **Organizations, Committees and Non-Technical Experience:**
  - **Laboratory Assistant (Civil Engineering Department of ITERA) -** Assisted lecturers in guiding 10 students during fluid mechanics laboratory sessions, ensuring proper understanding of experimental procedures and data analysis.
  - **Public Relation Staff (iCositer, Civil Engineering Department of ITERA) -** Maintained communication with internal and external stakeholders to support academic and professional collaboration activities.
  - **Documentation Staff (PPLK ITERA, KM ITERA) -** Supported documentation of 20+ programs, maintaining structured records improving reporting efficiency.
  - **Video Editor (PT. Hutama Karya) -** Edited 2 video content to document various CSR activities at PT. Hutama Karya, ensuring the footage was clear and suitable for both internal and external use.
